Fiscal Third Quarter and Nine Months 2009 Results

Three & Nine Months Ended December 31, 2009
 < U.S. GAAP >

January 28, 2010

This presentation material and our statements made during the Meeting regarding the Nidec Groups' financial results contain forward-looking statements including expectations, judgement, plans, and strategies. The forward-looking statements are based on management's assumptions and belief in light of the information currently available. Certain risks, uncertainties and other factors could cause actual results to differ materially from those discussed in the forward-looking statements. Such factors include, but are not limited to: fluctuation of currency exchange rates, overall supply and customer demand in the motor industry, product development and production capabilities, performance of affiliated companies, and other risks and uncertainties. Nidec undertakes no obligation to update forward-looking statements to reflect events or circumstances that occur after the date the forward-looking statements are made.

Upward Revision to FY2009 Guidance

(Yen in millions)

		Net Sales	Operating Income	Income before Tax	Net Income	EPS
FY '09	Revised	570,000	67,000	63,000	40,000	287.17
	Previous	570,000	58,000	55,000	35,000	251.27

- Emerging markets (China, Southeast Asia) maintain strong momentum, **defying normal seasonal weakness** in the March quarter.
- Nidec market share is edging up, reflecting a **sharp upswing in mobile-driven consumer PC demand** and the company's **agile supply capabilities**.
- New market-driving design concepts (energy efficiency; ecology; compactness; half-price) take hold across the industry, providing an **unprecedented growth horizon** for brushless motors. Nidec expects a quick **expansion of theme-specific product demand** particularly in the markets for **automobiles and digital home appliances**.
