Update on Damages Caused by Floods in Thailand

Nidec Corporation (NYSE: NJ) (the “Company”) announced today an update as of October 13, 2011 on flood damages to its subsidiaries in Thailand. No damages to the Company’s employees have been reported so far.

The Company plans to lay out an operation schedule for the currently inoperative factories based on changes in the situation. We apologize for any inconveniences caused by these circumstances and sincerely request your patience and understanding.

The exact amount of damage and the effect of the floods on the Company’s performance are yet to be assessed. We will continue to report on any actual or potential impact on the Company’s business performance in a prompt manner.
