

Nidec to Exhibit Products at Electronica India2011

Nidec Corporation will exhibit its products at the 12th Electronica India ("Electronica India 2011") to be held in New Delhi, India from September 13 – 16, 2011.

In this upcoming fair, we will exhibit a wide range of motor samples and demonstration equipment for home appliances, automotive electric components and communications equipment.

Please see [Electronica's official website](#) for detail. Thank you.
