

## **Nidec Group to Exhibit Products at the 16<sup>th</sup> China (International) Small Motor Technology Conference & Exhibition**

Nidec Corporation (NYSE: NJ) today announced that it and five of its Group companies will exhibit their products at the 16<sup>th</sup> China(International) Small Motor Technology Conference & Exhibition to be held November 17 – 19, 2011.

At this exhibition, visitors will be able to see an exhibition of the Nidec Group companies' latest product lineup and demonstration of their products, including three-phase AC motors adaptive to China's GB2 standard, based on the Group's theme on high efficiency and eco-friendliness. Those who are coming to the exhibition are encouraged to please visit the Nidec Group's booth.

Nidec Group companies participating in the exhibition:

Nidec Corporation, Nidec Sankyo Corporation, Nidec Copal Corporation, Nidec Servo Corporation, Nidec-Shimpo Corporation, and Nidec Techno Motor Holdings Corporation

Main exhibits:

- GB2 standard-adaptive three-phase AC motors
- DC fan motors
- Standard brushless DC motors

Site: Shanghai Everbright Convention & Exhibition Center

Period: 09:00 (10:00 on the first day) - 16:00, Thursday, November 17 – Saturday, November 19, 2011
