

Nidec-Read to Exhibit Products at TPCA Show 2015

13/10/2015

We are pleased to inform that Nidec-Read will be participating at TPCA show 2015, held in Taipei, 21st-23rd October 2015. On this occasion, we are exhibiting a wide range of inspection solutions designed to meet the diverse needs of our customers, including our flexible printed circuit board inspection system, "NRFEIS-5060", which will be demonstrated on site, a new semiconductor package inspection system for FC-CSP and an optical vision inspection system. Furthermore, our high accuracy tester, "R-5810is", and various IoT solutions will also be exhibited. We are looking forward to seeing you.

■Product Lineup

- Flexible printed circuit board inspection system "NRFEIS-5060"
- Semiconductor package inspection system "GATS-7755"
- Printed circuit board inspection system "STAR REC M6 II SW"
- Optical vision inspection system "RSH-S120/RWi-300"
- High accuracy tester "R-5810is" - New architecture fixture "Φ15um BB Probe fixture"
- IoT solutions (corresponding to Internet of Things) etc.

■Information

- Period : From October 21 (Wed) to 23 (Fri), 2015
- Venue : Taipei Nangang Exhibition Center
- Booth : J329
- Official site : <http://www.tpcashow.com/en/>
