

# Nidec Receives Bosch Global Supplier Award

14/07/2017

Nidec is proud to announce that our Automotive Motor & Electronic Control business unit has been honored with the Bosch Global Supplier Award from Robert Bosch GmbH.

This marks the 15th time Bosch honors its suppliers with the award that is presented every 2 years in recognition of outstanding performance in the manufacture and supply of products or services. In all, the award was given to 44 suppliers from 11 countries.

Nidec received the award in the electronics and electromechanics category for the first time.

Encouraged by the award, we continue our efforts to contribute to the future of automobiles.

From left to right:

Dirk Brenning (Vice President, Corporate Sector Purchasing and Logistics, Automotive Business 8, Bosch),
