FY2011 Focuses

10

FY2011 Growth Strategy

- Capture **rising emerging market demand**
(e.g., Chinese domestic market)
 - »» Proposal-driven, region-specific approach that creates fresh revenue streams from new markets, new customers and new products
- Expand **overseas production, R&D and sales**
 - »» Fine-tuned focus on growth markets and intergroup synergies
- Accelerate **M&A**
 - »» Speedy entry into growth markets
- Establish strong **global management framework**
 - »» Profit growth through management localization and 3-fold productivity increase

HDD Motor Shipment Outlook

Electric Power Steering Motor Shipment Outlook

EPS motors on course to become a strong profit engine, with shipments growing faster than initially anticipated.

Notes Regarding Forward-looking Statements and Accounting Treatment of “Discontinued Operations” and “Business Combinations”

Disclaimer Regarding Forward-Looking Statements

These presentation materials and the subsequent discussions regarding the Nidec Groups’ financial results contain forward-looking statements including expectations, judgment, plans, and strategies. The forward-looking statements are based on management’s assumptions and belief in light of the information currently available. Certain risks, uncertainties and other factors could cause actual results to differ materially from those discussed in the forward-looking statements. Such factors include, but are not limited to: fluctuation of currency exchange rates, overall supply and customer demand in the motor industry, product development and production capabilities, performance of affiliated companies, and other risks and uncertainties. Nidec undertakes no obligation to update forward-looking statements to reflect events or circumstances that occur after the date the forward-looking statements are made.

Accounting Treatment of “Discontinued Operations” and “Business Combinations”

- 1) Pursuant to FASB Accounting Standards Codification (ASC) 205-20, "Presentation of Financial Statements-Discontinued Operations," the results of discontinued operations have been reclassified and presented separately from those of continuing operations as “Loss from discontinued operations.” The relevant prior-period statements have been retrospectively adjusted to reflect this reclassification.
- 2) Pursuant to ASC 805 "Business Combinations", the results of operations for the nine months ended December 31, 2010 have been retrospectively adjusted as the fair value evaluation of the assets acquired and the liabilities assumed upon the acquisition of Nidec Motor Corporation completed in the three months ended March 31, 2011. The results of operations for the three months ended March 31, 2011 were prepared based on this retrospective adjustment.
