

**Nidec Techno Motor to Exhibit its Products
at the 6th Lift Expo Russia 2013**

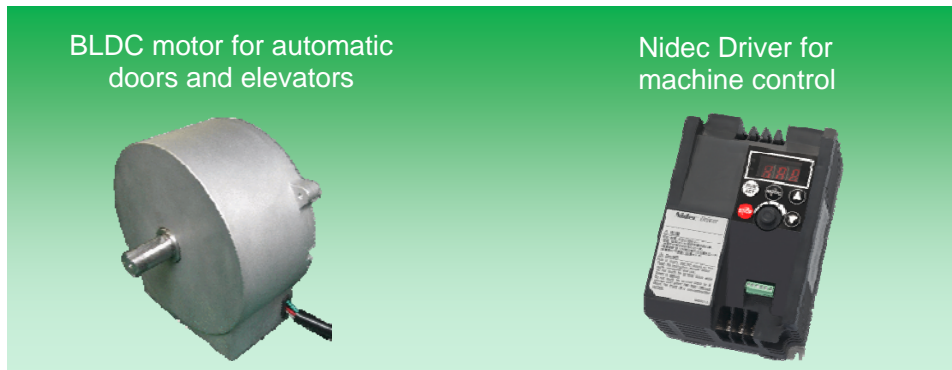

Nidec Techno Motor Corporation ("NTMC") has announced that it will exhibit its products at the 6th Lift Expo Russia 2013 to be held in Moscow, Russia, from June 6 to 8, 2013, together with a Nidec Group company, Kinetek Group Inc. ("Kinetek").

This Exhibition will showcase various winches and door openers used in households, buildings, etc. as solutions appropriate for Russia, European and Chinese markets.

In the joint booth with NTMC in this Exhibition, Kinetek will exhibit its elevator systems, among which NTMC will showcase its BLDC motors for automatic doors and elevators as well as Nidec Drivers to control machines as reference to actively appeal its technologies and new products like the 13th International Lift Exhibition in Istanbul, Turkey .

Everyone is welcome to visit the Exhibition.
