Please be informed that, after a strict and impartial review by Nagamori Foundation's Review Committee, the following recipients were selected for the 10th Nagamori Awards:

Makoto Hagiwara

Associate Professor, Department of Electrical and Electronics Engineering,
School of Engineering, Tokyo Institute of Technology

**Application of multilevel power conversion technologies to industrial drives
and DC-DC converters for moving vehicles**

Christopher H. T. Lee

Associate Professor, School of Electrical and Electronic Engineering,
Nanyang Technological University

**For contributions to advancements in vernier motor drives
and their industrial applications**

Kenji Nakamura

Professor, Department of Management Science and Technology,
Graduate School of Engineering, Tohoku University

**Research and development on high-performance contactless magnetic gears
and magnetic-gear machines**

Allison Okamura

Richard W. Weiland Professor in the School of Engineering /
Department of Mechanical Engineering and, by courtesy, Department of Computer Science,
Stanford University

Soft growing robot actuation for navigation and exploration in constrained environments

Sara Roggia

Head of magniDrive Project, Power Electronics Department, magniX

Taking to the skies electric motors and propulsion units for electric aviation

Peter Sergeant

Full Professor,

Department of Electromechanical, Systems and Metal Engineering, Ghent University/
Core Lab MIRO, FlandersMake@UGent

Design of sustainable axial and radial flux synchronous electric machines

The 10th Nagamori Awards commendation ceremony (including the Award Winners' lectures) will be held on September 8th, 2024 (Sun).

The winner of the Grand Nagamori Award will be selected from among the above winners, and announced on the day of the awards ceremony.
